## SHOOTING AT FALCON OVER A GAME OF CRAPS.

LEWISPORT, Ky., Oct. 23, (Special.) Dave Jackson, a Tell City negro, was shot in the leg by Miner Pool, white, at Falcon Sunday.

## WILL BEARD FOUND DEAD NEAR FALCON.

LEWISPORT, Ky., Oct. 23, (Special.) Will Beard, a young white man, was found dead by the side of the railroad track near Falcon Station, and about 5 miles above this city, last Saturday morning.

His skull was crushed and both legs were broken. A jug of wine was found near the body, and it is thought that while intoxicated, he fell asleep on the track, and was struck by a train sometime during the night.

## DR. HARDIN'S VULCANIZER EXPLODES.

BRANDENBURG, Oct. 23, (Special.) One night last week, while Dr. Hardin, our popular dentist, was using his vulcanizer, it exploded making quite an opening in the roof of his office. Not a piece of the vulcanizer could be found. The lights were extinguished, Mr. McIntire was thrown from his chair and Dr. Hardin was stunned for a few minutes. Had it occurred a little sooner he would have been killed instantly. The accident will cost our good dentist about sixty dollars but he is philosophical; his life is spared and he doesn't murmur.

General Otis has replied to the three insurgent officers who entered Angeles last Friday with a request, made through General MacArthur, for permission for a Filipino commission, headed by a Filipino major general, to visit General Otis in order to discuss peace terms and to arrange for the delivery of more American prisoners, that the desired interview can not be granted, because the suggested propositions of the Philippines are vague, indefinite and unimpractical, and because the United States must continue to decline to receive any report of the so-called Filipino government.

## MAD DIN OF BATTLE

Again is Heard in the Vicinity of Glencoe Camp.

INVESTMENT OF KIMBERLEY NOTED.

Berkley West, a Suburb, Surrenders to The Burglers Without Firing A Shot.

Details of The Bloody Engagement at Elandsbaagte Show That The English Suffered Severely.

Cape Town, Oct. 23.—It is reported here from Glencoe that the Boer force commanded by General Joubert has attacked, or is about to attack, the British entrenched position at Glencoe.

Cape Town, Oct. 23.—It is rumored here that Berkley West, northwest of Kimberley, has been surrendered to the Boers without firing a shot. Cape volunteers, it is reported, will be sent to relieve Kimberley.

London, Oct. 23.—The war office publishes the following dispatch to the secretary of state for war, the Marquis of Lansdowne, from the general commanding in Natal, General White, regarding the engagement at Elandsbaagte, between Glencoe and Lady-smith, when the British under General French routed the Transvaal forces under General Jan H. M. Kock, second in command in the Transvaal army, who was himself wounded and captured, and has since died.

"In the action at Elandsbaagte I was present in person from 3:30 p. m. to 6:30 p. m., but did not assume direction of the fight, which was left in the hands of General French. Although desultory fighting took place earlier in the day, while reinforcements, sent out later on learning the enemy's strength, were arriving from Lady-smith, the real action did not begin until 3:30 p. m. At that hour the Boers held a position of very exceptional strength, consisting of a rock hill about a mile and a half southeast of Elandsbaagte station.

"At 3:30 p. m. our guns took a position on a ridge 4,200 yards from the Boers, whose guns at once opened fire. This fire was generally well directed, but somewhat high. This time, contrary to previous experience, their shells burst well.

"The Imperial Light Horse moved toward the left of the enemy's position, and two squadrons of the Fifth Lancers toward his right. During the artillery fire mounted Boers pushed out from their left and engaged the Imperial Light Horse. In a few minutes the enemy's guns ceased firing and our artillery was turned on the mounted Boers who opposed the Imperial Light Horse. The latter at once fell back. After the artillery preparations our infantry advanced to the attack, supported by our guns in the second position. The Devonshires held the enemy in front while the Manchester regiment and the Gordon Highlanders turned his left flank. The Boer guns, although often temporarily silenced, invariably opened fire again on the slightest opportunity, and were served with great courage.

"After severe fighting our infantry overtook the position. At 6:30 p. m. this was accomplished, the enemy standing his ground to the last with courage and tenacity. The Fifth Lancers and a squadron of the Fifth Dragoon Guards charged three times through the retreating Boers in the dark, doing considerable execution. We captured the Boer camp, with tents, wagons, horses, and also two guns. The Boer losses were very considerable, including a number of wounded and unwounded prisoners. Among the former were General Jan Kock and Piet Joubert, nephew of Commandant General Joubert.

"Our goods train, with supplies for Glencoe camp, and nine English prisoners were recovered. Our loss, I regret to say, was heavy. It is roughly computed at 150 killed and wounded."

Kimberley's Investment. Kimberley, Oct. 23.—This is the sixth day of Kimberley's investment by the enemy. An armored train went out and found the Boers still in the direction of Spruitfontein. Their position is believed to be strong.

Two dispatch riders to Mafeking, Mr. Stapleton and Mr. Harding, were captured by Boers Oct. 15. Assistant Commissioner Scott shot himself at Selous, heartbroken at his inability to defend Vryburg, whose inhabitants are starving and treacherous.

Battle of Glencoe. Glencoe Camp, Oct. 21.—After 8 hours of continuous heavy fighting Talana hill was carried by the Durban Fusiliers and the King's Rifles, under cover of well served artillery fire by the Third (Goth) and Sixty-ninth batteries. The Boers who threatened the British were routed. The fight was shown in exact counterpart of that of Majuba hill, except that the position of the Boers was broken down and revealed, and the British were not so completely surprised.
